Senior Product Designer & Lead with **10+ years** turning dense B2B, AI, and enterprise workflows into clear, validated interfaces — and shipping the front-end code too. Now **leading design at Symplast**, a mobile-first, **HIPAA-compliant EHR for 3,500+ aesthetic practices**; previously UX lead for **Nvidia's \$2B+ supply-chain AI platform**. I validate decisions with user research and A/B testing — and ship the front-end code myself.

PROFESSIONAL EXPERIENCE

Senior Lead UX/UI Designer

Apr 2026 – Present

Symplast · Full-time · Remote

- Lead design across a **mobile-first, HIPAA-compliant EHR and practice-management platform serving 3,500+ aesthetic practices and medical spas**.
- Design **AI-native workflows** that streamline complex clinical processes, with research and design decisions tied directly to business KPIs.
- Own the design system and cross-functional alignment across product managers, engineers, and clinical users.

Senior Product Designer & Lead + Product Owner

Jun 2025 – Apr 2026

CodeBranch · Contract · Remote (USA/LatAm)

- Led design & product strategy for **Nvidia's supply-chain intelligence platform** — an enterprise AI analytics tool managing **\$2B+ in annual transactions** — restructuring a flat interface into a task-oriented SAP Fiori dashboard with a **~90% task-completion gain** in internal usability testing.
- Designed **YMA (Smartel computer-vision ecosystem) 0→1**: mobile-first patterns and a component library scaled by 2 junior designers across the product suite.
- Functional Product Owner: authored user stories, ran design QA, and governed the Atomic Design system with 5+ engineers including AI/ML specialists.

Senior Lead UX/UI Designer

Jun 2024 – Jun 2025

Solving AI · Remote

- Built an evidence-based validation culture with **Maze A/B testing** across user cohorts — **~80% task-comprehension gain** — aligning roadmap decisions with real user behavior and reducing churn.
- Architected a scalable **Figma design system** (Variables + Auto Layout), cutting design-to-dev handoff **~30% (9→6 days)**.
- Simplified multi-step AI interactions into accessible journeys meeting **WCAG AA** for technical and non-technical users.

Ideaware · Client: Bucket.io · Remote

- Led journey mapping and redesigned a complex AI configuration into an accessible **guided funnel**; validated two directions with interactive prototypes **before engineering investment**.

UI/UX Senior Designer & Team Leader

Dec 2022 – Jun 2023

Adaptive Tech Solutions · Remote

- Led a **design team of 3 across 3 simultaneous B2B accounts** (ToughBuilt, InvolveHub); mentored on mobile-first and responsive best practices.

SproutLoud Media Networks

Dec 2015 – Nov 2022 · 7 yrs

Medellín · Production Designer → Team Lead → Web Developer (3 promotions)

- Produced **20+ customizable web templates** for US brands (**DISH, Nvidia, Milwaukee Tools, Andersen Windows**), owning the full lifecycle from UI design to HTML/CSS/JS.
- Led the production design team and oversaw email + print campaigns across major national brands.

Graphic Designer

Aug 2014 – Dec 2015

Creactiva · Medellín

- Advertising campaigns across print and digital for IMUSA, Corbeta, Levi's, and Cryogas.
