SELECTED EXPERIENCE

Senior Lead UX/UI Designer

Symplast / Apr 2026 – Present

- Lead design for a mobile-first EHR and practice-management platform serving 3,500+ aesthetic practices and medical spas.
- Own AI-native clinical workflows, the design system, and alignment across product, engineering, and clinical users.

Senior Product Designer & Lead + Product Owner

CodeBranch / Jun 2025 – Apr 2026

- Led product strategy and UX for Nvidia's supply-chain intelligence platform on an enterprise ecosystem managing $2B+ in annual transactions.
- Replaced a ten-filter query with conversational AI; 9 of 10 internal test participants found the new flow easier and less error-prone.
- Designed YMA's computer-vision ecosystem from zero to one and governed delivery with 5+ engineers and two junior designers.

Senior Lead UX/UI Designer

Solving AI / Jun 2024 – Jun 2025

- Raised first-arrival comprehension of a node-based AI canvas from 2 of 10 to 8 of 10 users through Maze testing and iterative onboarding.
- Built a Figma system that shortened the design-to-development handoff cycle from nine days to six.
- Simplified multi-step AI interactions into accessible journeys aligned with WCAG AA.

UX/UI Senior Designer

Ideaware / Bucket.io / Sep 2023 – May 2024

- Turned complex AI configuration into a guided four-step funnel and evaluated two interactive directions before engineering investment.

SELECTED WORK / PORTFOLIO

NVIDIA	Decision-first enterprise AI
SOLVING AI	Measured AI product system
YMA / SMARTEL	Zero-to-one computer-vision AI

PROFILE

Product Designer and Lead with 10+ years building digital experiences and four years leading product design end-to-end. I bring structure to complex systems, validate the direction, and stay close enough to engineering to protect the idea through production.

EVIDENCE

9 of 10
Preferred the simplified Nvidia AI flow

2 to 8
of 10 understood the AI canvas on arrival

9 to 6
Days in the design-to-development handoff cycle

CORE EXPERTISE

- Product design & UX strategy
- AI / agentic product design
- Design systems & design ops
- Healthcare UX
- Research & prototype testing
- Product ownership & design QA
- HTML / CSS / JavaScript

PORTFOLIO

juancoloradov.github.io/portfolio

SPROUTLOUD / DISTRIBUTED MARKETING PLATFORM

7 years. 3 promotions.

Design / leadership / front-end production

The experience that built my production discipline: configurable systems for national brands, team leadership, and end-to-end implementation.

CAREER FOUNDATION

Production Designer -> Team Lead -> Web Developer

SproutLoud / Dec 2015 – Nov 2022

- Production design, 2 years: created 20+ configurable campaign templates for DISH, Nvidia, Milwaukee Tool, and Andersen Windows, defining what end users could safely customize.
- Team leadership, 2 years: led the design team and built the email template system and its base code.
- Web development, 3 years: owned pages end-to-end with HTML, CSS, JavaScript, PHP, and Jinja; shipped through Git and GitLab.
- Ran A/B tests with the team before rollout and was promoted three times across the seven-year tenure.

UI/UX Senior Designer & Team Leader

Adaptive Tech Solutions / Dec 2022 – Jun 2023

- Led three designers across three simultaneous B2B accounts and mentored mobile-first and responsive practice.

Graphic Designer

Creactiva / Aug 2014 – Dec 2015

- Designed print and digital campaigns for IMUSA, Corbeta, Levi's, and Cryogas.

LEADERSHIP & DELIVERY

Four years leading product design end-to-end / design-team mentoring / product ownership and user stories / design-system governance / cross-functional design QA / front-end collaboration

SELECTED CLIENTS

Nvidia
DISH
Milwaukee Tool
Andersen Windows
Benjamin Moore
Generac
ToughBuilt
IMUSA
Levi's

TOOLS & METHODS

Figma Variables / Auto Layout / prototyping / Maze / journey mapping / Atomic Design / baseline measurement / usability testing / A/B testing / design QA / Git

LANGUAGES

Spanish	Native
English	C1 Advanced / EF SET
French & Italian	Elementary

EDUCATION

Visual Designer
Interactive Systems / Bellas Artes / 2007 - 2011

SELECTED CERTIFICATIONS

Nvidia Corporate Training, 2025 / Product Design School, Platzi, 2025 / Design Systems Fundamentals, Platzi, 2025 / EF SET English C1
